The Department's responsibilities and activities associated with the Source Protection and Capacity Development programs will require extensive travel by staff. Staff will travel to perform inspections, evaluations, attend negotiations and meetings, and to attend public hearings as required. Program staff expected to be travelling are: Public Health Specialists, Sanitarians, and Engineers.

d. Contractual Services

\$454,000

- 1) The Department plans to enter into a contract with a chosen vendor to provide, a four-day sanitary training course using USEPA approved course curriculum and training will be provided. The course will combine basic water treatment knowledge with application of SDWA regulations to identify sanitary deficiencies. \$50,000
- 2) A contract is in place to implement a program of technical assistance for nontransient, noncommunity public water systems and small community water systems, such as mobile home parks. \$265,000
- 3) An MOU agreement is in effect with SUNY Albany to support the Bureau's work toward identifying and maintaining water service boundaries (information that is essential to understanding the impacts of new rule implementation), improving the quality of data within SDWIS, and maintaining and updating critical infrastructure data. Graduate interns will complete this work.

 \$ 64,000
- 4) The Bureau has purchased water analysis services from Certified Laboratories to provide testing of both raw and drinking water for public water systems that are supervised by the Department's District Office staff. These District Offices are located in rural areas throughout NYS and require a local laboratory to perform water testing in order to meet the required temperature and time requirements for water analysis. The contract is ongoing.

EXPENDITURE PLAN - GRAND TOTAL:

\$ 6,096,859

New York State is required to provide a dollar for dollar match for federal Capitalization Grant funds used for this set-aside. In lieu of providing funds for this match provision, the State plans to credit current funds from the Public Water System Supervision (PWSS) Program. New York State will meet the required match by using a credit (one-half of the funds) for certain expenditures from the PWSS Program in 1993, State over match to the PWSS Program for FFY 2017 and State funds used to finance PWSS activities in delegated county health departments.
